***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:  
The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
2. Claims 3 and 4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
3. Claim 2 sets forth a “sliding link furnished with a means of clamping by braking.” Claim 3 then sets forth that the “sliding link consists of a rail, of a slider and of a means of tightening.” It is unclear whether the “means for tightening” of claim 3 corresponds to the “means of clamping by braking” or is an additional means (which is not supported by the disclosure). Additionally claim 3 sets forth “and in that the rail is secured to the boom” which is inaccurate and/or unsupported. The boom 5 is a rail; there is no rail secured to the boom.

***Claim Rejections - 35 USC § 102***

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:  
A person shall be entitled to a patent unless –  
(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
5. Claims 1, 2, 5 and 11 are rejected under 35 U.S.C. 102(b) as being anticipated by Hosaka et al.
6. The image pickup means A of Hosaka et al. meets the claimed “camera body” and “lens fixed to the camera body.” Liquid crystal TV receiver 10 meets the claimed “viewfinder of the flat screen type.” Shaft member 26 and support arm 27 meet the claimed “boom which is connected by a first end to the camera body and by a second end to the viewfinder.” Shoe engaging member 22 meets the claimed “first fixing means for connecting the boom to the

camera body.” Shoe engaging plate 32 meets the claimed “second fixing means for connecting the boom to the viewfinder.”

7. Claims 1, 2, 5 and 11 are rejected under 35 U.S.C. 102(b) as being anticipated by Seo.

8. The camcorder body 11 of Seo meets the claimed “camera body” and “lens fixed to the camera body.” LCD viewfinder 19 meets the claimed “viewfinder of the flat screen type.” Strap body 33 and support plate 40 meet the claimed “boom which is connected by a first end to the camera body and by a second end to the viewfinder.” Fixing member 21 meets the claimed “first fixing means for connecting the boom to the camera body.” Engaging section 52 meets the claimed “second fixing means for connecting the boom to the viewfinder.”

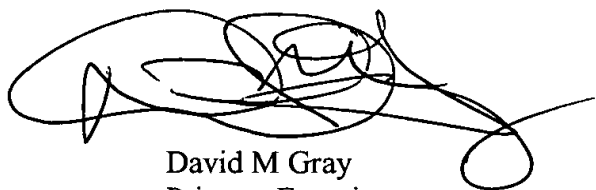

***Allowable Subject Matter***

9. Claims 6-10 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

10. Any inquiry concerning this communication or earlier communications from the examiner should be directed to David M Gray whose telephone number is 703-308-1698. The examiner can normally be reached on M-T & T-F 7:30-6:00.
